

Banking on Climate Chaos 2024

Corrections

The errata listed below were implemented in the pdf after publication on May 13, 2024.

<i>Implemented date: July 1, 2024</i>	<p>Rainforest Action Network was made aware that several numbers in the chart entitled “2023 Top Fossil Fuel Clients' Expansion Plans” on pp. 8-9 of the pdf were incorrect. These figures initially misstated the miles of pipeline under development, methane capacity, or oil and gas resources under development for some of the top clients. The numbers in the “Expansion Plans” columns have now been updated to reflect the correct numbers as reported on the Global Oil and Gas Exit List published by Urgewald.</p> <p>Financing values in the column entitled “Financing Committed by BOCC Banks in 2023 (USD)” were not affected by this correction.</p>
